Program Goals.

The overall objective of the program is to prepare competent male and female teachers to teaching in English in private and international schools. This objective will be obtained by achieving the following goals:

- Meeting the community's need for qualified teachers to work in private and international schools.
- Preparing highly qualified teachers to work in private and international schools through:
 - Imparting knowledge related to the philosophy of school curricula and the constructive paradigm to program participants.
 - Empowering program participants to use teaching and learning strategies, assessment methods, and tools suitable for the learning environment of private and international schools and their students.
 - Training program participants to leverage technology applications in education.
 - Preparing program participants to embrace values associated with private and international schools, such as recognizing the importance and benefits of cultural diversity in society.
- Equipping program participants to work effectively within teams and take responsibility for their sustainable professional development as teachers.
- Contributing to the development of educational institutions and society.

Target Audience

- Graduates with a bachelor's degree in mathematics, Science or English.

Key Program Features

- The program offers three applied specialization tracks aligned with the needs of private and international schools.
- It emphasizes professional, practice-based teacher preparation through field experience and training.
- The program integrates modern educational technologies to support effective teaching and learning.
- It is aligned with the National Qualifications Framework (NQF) in terms of level and learning outcomes.
- The program addresses labor market needs and contributes to educational development by preparing competent teaching professionals

Study Plan

First: Teaching Mathematics in English Track

Level	Course Code	Course Title	Required or Elective	Pre-Requisite Courses	Credit Hours	Type of requirements (Institution, College, or Program)
Level 1	CUTM 501	Learning Theories and their Educational Applications	Required	-	3	Program
	CUTM 502	Teaching Multicultural Students	Required	-	3	Program
	CUTM 503	Instructional design and development	Required	-	2	Program
	CUTM 504	Field Experience (1)	Required	-	2	Program
	CUTM 511	Mathematics Curriculum Trends	Required	-	2	Program
	CUTM 512	Teaching and Learning Mathematics	Required	-	3	Program
Level 2	CUTM 505	Special Needs Education	Required	-	2	Program
	CUTM 506	Sustainable Professional Development for Teachers	Required	-	2	Program
	CUTM 507	Risk Management in the Educational Process	Required	-	2	Program
	CUTM 513	Mathematics Assessment and Evaluation	Required	-	2	Program
	CUTM 514	Trends in Teaching Mathematics with Technology	Required	CUTM 503	3	Program
	CUTM 591	Field Experience (2)	Required	-	4	Program

Second: Teaching Science in English Track

Level	Course Code	Course Title	Required or Elective	Pre-Requisite Courses	Credit Hours	Type of requirements (Institution, College, or Program)
Level 1	CUTM 501	Learning Theories and their Educational Applications	Required	-	3	Program
	CUTM 502	Teaching Multicultural Students	Required	-	3	Program
	CUTM 503	Instructional design and development	Required	-	2	Program
	CUTM 504	Field Experience (1)	Required	-	2	Program
	CUTM 521	Trends in Building Science Curriculum	Required	-	2	Program
	CUTM 522	Science Teaching and Learning	Required	-	3	Program
Level 2	CUTM 505	Special Needs Education	Required	-	2	Program
	CUTM 506	Sustainable Professional Development for Teachers	Required	-	2	Program
	CUTM 507	Risk Management in the Educational Process	Required	-	2	Program
	CUTM 523	Science Assessment and Tests	Required	-	2	Program
	CUTM 524	Trends in Teaching Science with Technology	Required	CUTM 503	3	Program
	CUTM 591	Field Experience (2)	Required	-	4	Program

Third: English Language Teaching Track

Level	Course Code	Course Title	Required or Elective	Pre-Requisite Courses	Credit Hours	Type of requirements (Institution, College, or Program)
Level 1	CUTM 501	Learning Theories and their Educational Applications	Required	-	3	Program
	CUTM 502	Teaching Multicultural Students	Required	-	3	Program
	CUTM 503	Instructional design and development	Required	-	2	Program
	CUTM 504	Field Experience (1)	Required	-	2	Program
	CUTM 531	Trends in EFL Curriculum Development	Required	-	2	Program
	CUTM 532	English Language Teaching and Learning	Required	-	3	Program
Level 2	CUTM 505	Special Needs Education	Required	-	2	Program
	CUTM 506	Sustainable Professional Development for Teachers	Required	-	2	Program
	CUTM 507	Risk Management in the Educational Process	Required	-	2	Program
	CUTM 533	English Language Assessment Approaches & Methods	Required	-	2	Program
	CUTM 534	Trends in English Language Teaching with Technology	Required	CUTM 503	3	Program
	CUTM 591	Field Experience (2)	Required	-	4	Program
